

Ah . .

It's just a little red wine, I'll be fine,
Not like I wanna do this ev'ry night.
I've been good, don't I deserve it?
I think I earned it
Feels like it's worth it, in my mind, mind.
Twisted reality
Hopeless Insanity
I told you I was okay but I was lying.

I was dancing with the devil
Out of control.
Almost made it to heaven
It was closer than you know.
Playing with the enemy
Gambling with my soul.
It's so hard to say no,
When you're dancing with the devil.
